INDEPENDENT AUDITOR'S REPORT

Members of the Board
Fairgrove District Library
Fairgrove, MI 48733

Dear Board Members:

We have audited the financial statements of the Fairgrove District Library, Fairgrove, Michigan, as of March 31, 2005 and 2004, as listed in the Table Of Contents. These financial statements are the responsibility of the Fairgrove District Library's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

Management has not presented government-wide financial statements to display the financial position and changes in the financial position of its governmental activities. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the Fairgrove District Library's governmental activities are not reasonably determinable.

As discussed in Note 3, the general purpose financial statements referred to above do not include the General Fixed Assets Group of Accounts, which should be included to conform with U.S. generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Group of Accounts is not known.

In our opinion, because of the effects of the matter discussed in the preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Fairgrove District Library as of March 31, 2005 and 2004, or changes in its financial position or cash flows where applicable, for the year then ended.

FAIRGROVE DISTRICT LIBRARY
Notes To The Financial Statements
For The Years Ended March 31, 2005 And 2004

NOTE 1 - DESCRIPTION OF DISTRICT LIBRARY OPERATIONS:

The Fairgrove District Library (Library) was organized under Public Act 24 of 1989 on July 1, 1999. Previously, the Library was a special revenue fund of the Township of Fairgrove. The Library is governed by an appointed board from two service areas: the Township of Fairgrove, which appoints two members, and the Akron-Fairgrove Schools, which appoints three members.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING:

The Library maintains its accounting records and prepares its financial statements on the modified accrual basis of accounting. Under this basis, revenues are recognized when taxes are assessed and available, grant requirements are met, contributions are pledged or when revenue is otherwise earned. Expenses are recognized when the related liability is incurred.

BUDGET AND BUDGETARY ACCOUNTING:

Generally accepted accounting principles require a comparison of actual and budgeted revenue and expenditures.

Budgeted amounts are as originally adopted, or as amended by the Library board at various times during the fiscal year.

BASIS OF PRESENTATION:

The financial activities of the Library are recorded in separate funds and account groups, categorized and described as follows:

GOVERNMENTAL FUNDS:

General Fund - The General Fund is the general operating fund of the Library. It is used to account for all financial resources.

TAXES RECEIVABLE:

Taxes receivable consists of delinquent property taxes due to the Library from various townships in Tuscola County.

ACCOUNTING ESTIMATES:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures.

NOTE 3 – FUNDS OMITTED:

The Library has not maintained a record of its general fixed assets, and accordingly, a statement of general fixed assets has not been included in this report.
